The exciting one day programme includes:

Ignition on: A one hour theory session, detailing pre-ride preparation, safety checks and tips and riding skills. Understanding our responsibility to the environment is also an important aspect of this session.

Throttle open: The only place to learn is in the hot seat. This one hour application session is where you put the theory into practice.

Go! Time for the real thing! A three hour 'in-trail' ATV ride. Here's where you apply what you've learned... and experience the thrill! You'll get down and dirty, learning all the ins and outs of your machine. And for the experts... hey, come fly!

The course runs from 9am to 3pm, includes lunch and a final debrief session. After successful completion, riders will receive a Honda Adventure Academy ATV Certificate of Proficiency.

Gear up: Helmet, goggles, gloves, long sleeve shirt, jeans and boots are the minimum must haves!

Additional intermediate or experienced rider courses are also available through the Honda Adventure Academy. For more information or to book a course contact:
